Although the weather turned cold outside, we felt much love and warmth inside at OTSAR. We had a delicious breakfast and we boarded the busses to FunFest. At bowling we had a great time knocking down all of the pins. We played two fantastic games. When we got back to Otsar we were greeted to a warm nutritious lunch and played some games. We ended the day with making fall scented slime....just in time for Thanksgiving. Looking forward to seeing everyone when we resume on December 8 :)

Pumpkin Scented Slime

- 1 (6 ounce) bottles Elmer's Glue
- About 1/2 cup warm water
- 1/2 teaspoon baking soda
- 1 tablespoon contact lens solution (containing boric acid), for each batch
- 1 teaspoon pumpkin spice seasoning blend
- Orange food coloring

Empty glue into pan.

Add warm water.

Pour into pan with glue and stir to combine.

Add the baking soda to the glue and stir to mix thoroughly.

Add color and pumpkin spice.

Add contact lens solution SLOWLY to the glue mixture and stir well. Don't add more than necessary.

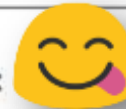

Mix well. Dough will be slightly sticky. Give each participant a piece to knead. Slowly the dough will become less sticky (as they knead it). Enjoy and let them each take home their piece in the portion cups.
