## 2024 - 2025

Today was a great day at OTSAR.

The halls smelled delicious from the delicious apples that were cooking downstairs. It feels good that we worked hard to make this yummy treat for our end of day snack. We peeled, diced and then brought them down to the kitchen to turn into applesauce. YUM!

Making projects with Bonnie was fun! We heard a great story and learnt many new concepts about leaves.

Making corn key chains using different colored beads was so much fun. We worked hard using our fine motor skills.

We also made leaf rubbings from real and fake leaves. Then we did a collage with various leaf themed shapes and textures.

Some groups had a great time playing ball with Sol in the park or in the backyard.

Looking forward to seeing everyone next time :)
